

Award-winning integrated electricity contract management online software for businesses who want to be in absolute control.

AECO Energy Australia MarketPro® gives you ultimate power.

2021 WINNER
DIGITAL CAPABILITY AWARD
AustCham Business Awards

- Allows energy-aware businesses to access the electricity and gas markets.
- A range of buying options to suit your business needs.
- Detailed visibility to daily market movement in the gas and electricity markets.
- Allows businesses to lock in forward contracts at the lowest price and reduce risk of rising input costs.

- 1 Stay informed of constantly changing market trends through our exclusive price estimation system, Rate Watch®.**
- 2 Get ahead of increasing electricity costs and lock in when prices are optimal.**
- 3 Secure your electronic contract automatically at the touch of a finger.**

Reduced Administrative Work; Business Control

- Powerful, easy-to-use, online platform to procure and manage your contracts.
- Zero-touch contract management – once you have the result of your MarketPro® tender and auction, you can easily sign your electronic contract. No paperwork. No hassle.
- Initiate your go-to market strategy via reverse auctions or tenders.
- Full control over your energy contracts.

Better Insights & Pricing Awareness

- Exclusive access to simulated market pricing tailored to your profile.
- Complete visibility of market upward and downward trends.
- Indicates potential energy cost savings or other cost implications to your business.

Optimised Energy Rates

- Seize market opportunities by forward contracting your electricity contract when it's favourable for your business.
- Automatically execute your default go-to market strategy with your set savings or loss trigger limits.

1 Buy with absolute control.

Know what the market is doing for your next contract without ever having to run a tender, do a reverse auction, or even ask for a quote.

2 Choose your contract.

Experience the flexibility of the duration of your next contracts. As a business owner, you have the freedom to choose what best suits your needs.

3 Plan better, enjoy more profits.

MarketPro allows you to lock in prices months and even years ahead. Benefit from future savings, avoid price hikes and enjoy more time and freedom to focus on your business.

AECO Energy MarketPro® Advantage

- Allows energy-aware businesses to access the electricity and gas markets.
- Gives the business a range of buying options.
- Gives detailed visibility to daily market movement in the gas and electricity markets.
- Allows businesses to lock in forward contracts at the lowest price and reduce the risk of rising input costs.
